

PHASE 4 SCORE SHEET: PRACTICUM - ROOTING CUTTINGS

Student Code _____

Each category is worth 10 points for a total of 100 points.

An average rating will be a 7, above average 8 and outstanding 10. Below average will be a 6 and a poor rating will be a 4. The final score is not as important as making a comparison between the students and developing a ranking of the students.

No.	Task	Comments	Score
1	Flat or Pot Filling / Dibbling Holes	Uniformity?	
2	Collection of Cuttings/ Use of Tools		
3	Size and Prep of Cuttings	Uniformity? Leaf removal?	
4	Use of Rooting Hormone		
5	Depth of Sticking		
6	Labeling	Crop, date, number	
7	Media Question	What are components in the medium? Is this the proper moisture content?	
8	Light Question	What light intensity?	
9	Temperature Question	What temperature?	
10	Time Factor	Slow (4), moderate (7), fast (10)	

Comments:

PHASE 4 PRACTICUM: SEED GERMINATION

Student Code _____

1. Give the correct size designation for each of the plug trays on the table:

A: _____ B: _____ C: _____

2. How do we describe the 4 phases of plug production in regard to how the plant looks or the stage of development of the plant (or seed) during each phase?

Phase 1.

Phase 2.

Phase 3.

Phase 4.

3. What environmental conditions are necessary for rapid, uniform seed germination for most species not requiring special treatments? (For example, geranium or petunia.) (Be specific if possible.)

4. Sow the seeds provided in the container provided.

PHASE 4 SCORE SHEET: PRACTICUM - TRANSPLANTING SEEDLINGS

Student Code _____

Each category is worth 10 points for a total of 100 points.

An average rating will be a 7, above average 8 and outstanding 10. Below average will be a 6 and a poor rating will be a 4.

No.	Task	Comments	Score
1	Flat Filling	Uniformity?	
2	Dibbling Holes	Depth?	
3	Handling Seedlings		
4	Depth of Planting		
5	Seedling Selection	Uniformity?	
6	Labeling	Crop, date,	
7	Media Question	What are components in the medium? Is this the proper moisture content?	
8	Light Question	What light intensity?	
9	Temperature Question	What temperature?	
10	Time Factor	Slow (4), moderate (7), fast (10)
